SHOT TO DEATH BY MAN HE ATTACKED

Finis Lovett Killed In Rucker's Store Near Bobtown By Claude Spurlock Who Leaves

Sheriff Pete Whitlock and Deputy Sheriff Sam Bush returned Monday from the Bobtown section where they made an unsuccessful attempt to find Claude Spurlock, who shot Finis Lovett to death there Saturday night.

Details of the shooting are meagre. Mr. Bush said that witnesses to the shooting said that Spurlock and a friend, named Ike Burton, stopped by Rucker's store, below Bobtown to warm. Soon Lovett came in. The officer says that witnesses say that Lovett was drunk and made a boast that he could whip any man there and would do so. No one seemed to pay much attention to him, however, until he started out, when he is alleged to have struck Spurlock, and knocked him down, saying that he was going to whip him. Spurlock is said to have drawn his pistol, a 44, and fired at Lovett, killing him almost instantly. Spurlock then got on his mule and left. The officers were told, Mr. Bush says, that Spurlock had gone to Clay county. The dead man is said to be about 35 years of age.

HOLY ROLLERS INDICTED FOR CHILD'S DEATH

Shepherdsville, Ky., April 18.—Indictments have been returned against five members of the "Holy Roller" sect following the death of Marie Sutton, five-year-old daughter of Mrs. Vesta Sutton, who recently died from the effects of burns suffered when her dress caught fire from an open grate.

It is alleged that after medical attention had been given to the child the persons indicted induced Mrs. Sutton to submit the patient to them for treatment, caused the bandages to be removed and undertook to substitute mental treatment and prayer for the remedies applied by a physician.

The indictments charge willful and unmerciful injuring of a child less than 16 years old. The mother is one of those indicted. The others are Mr. and Mrs. Robert Ayers and Mr. and Mrs. R. E. Blevens, all residents of Cupio, Bullitt county. The case will be tried at the August term of court.

Prevention Is Best Pig Scour Remedy

Pig scour, a common ailment among young pigs, is caused by overfeeding the sow, a sudden change in her ration, sour slop, cold, or filthy quarters and chilling of the pigs, according to Prof. E. J. Wilford, of the animal husbandry department of the State College of Agriculture. According to recommendations of the department this disease is best controlled by prevention. Warm, clean quarters that are properly ventilated should be provided for the sow and her litter and care taken to see that the animals receive plenty of exercise each day. The sow's ration should be reduced and two to six ounces of linseed oil depending on her age be fed in the slop.

Best Patent Flour, Dolly Varden, white as the driven snow, only \$1.25 per bag at Richmond Welch Co.

UNION COUNTY

Union county was formed in 1811 out of part of Henderson county and was the 54th in order of formation. Morganfield is the county seat. The origin of the name of the county, according to Collins' Kentucky history, is obscure, but he adds that "the generally received opinion is that it was so named because of the hearty unanimity with which the people assented to the division of the old county."

GILBERT WANTS HUN GUNS FOR HIS TOWNS

Here's some good news for the 8th Congressional district towns. A dispatch from Washington Saturday said that Representative Ralph Gilbert of Kentucky introduced his first bills. They provide for donations of captured German cannons to the county seats in his district. Similar bills were introduced by Representative J. Campbell Cantrill for Lexington, Stanton, Owenton, Versailles, Frankfort, Newcastle, La Grange, Winchester, Paris, Irvine, Georgetown and Beattyville. The towns in the 8th district that will get Hun guns if the bill passes are Richmond, Lancaster, Stanford, Danville, Liberty, Columbia, Harrodsburg, Lawrenceburg, Taylorsville, Shelbyville and Nicholasville.

ALLIES MUST ENFORCE TREATY, SAYS GEORGE

London, April 18.—Lloyd-George told the House of Commons today that the German government is still in default with regard to reparations, trial of persons accused of offenses against the laws of war and disarmament. He asserted Germany showed no inclination to advance practical proposals for carrying out the treaty of Versailles in these respects and therefore it is imperative for the Allies to confer about steps to enforce the treaty's terms.

CAN OUR FOREIGN POLICY CAUSE THIS?

Washington, April 18.—America's foreign trade last month was nearly three-quarters of a billion dollars less than the same month last year, figures made public by the Department of Commerce today showed.

MT. STERLING MAN DIES FROM ROBBER'S BLOW

Lexington, Ky., April 18.—Claude P. Stephens, 39, a wealthy business man of Mt. Sterling, is dead at a hospital here as a result of a blow on the head dealt by robbers several weeks ago. He was brought here March 13th and an operation performed in an effort to save his life. His assailant was never captured.

COMMISSIONER SELLS HOME IN BEEA

Master Commissioner R. B. Terrill sold a home and lot in settlement of the estate of the late Thomas H. Coyle, Saturday. The property is located on Depot street, in Berea. It brought \$2,500 at public sale conducted by the Commissioner, after spirited bidding. Mrs. Ellen Strunk was the purchaser.

Receives Electric Iron
Mrs. Harry Wagers, of the Lexington pike, was given the Universal Electric Iron at Davison-Telford electric display—which started today and continues throughout the week.

Today's Livestock Markets
Cincinnati, April 18.—Steady packers medium: \$9; lights \$9.25; Chicago steady; higher; cattle and calves strong.
Louisville, April 18.—Cattle 1-300; 25c higher; tops \$8.75; hogs 1,500; 25c higher; tops \$9; sheep 100, steady; \$4; lambs, \$9.

Weather For Kentucky
Fair and not quite so cold to-night, with light frost in west, and probably heavy frost in east portion; Tuesday fair and warmer.

TRACK TORN UP BY BROKEN CAR WHEEL

Paris, Ky., April 16.—A mile of track on the L. & N. main line, north of Paris, was damaged when a wheel on a tank car on the local freight, No. 91, en route to Cincinnati, broke Friday. The tank car, filled with crude oil, finally became uncoupled and left the track, tumbling down a 20-foot embankment. No one was injured and no oil was lost.

The train was running about 40 miles an hour when the wheel broke and before the car was hurled from the track, cross ties were broken along a mile of track including those on the bridge over Houston creek. A force of men from the yards here was ordered immediately to repair the damage.

IS YOUR NAME IN THIS LIST?

The American Legion has forty friends in Madison county willing to give the soldier, on his return from the war, a chair to sit in. Are there not ten more? I asked for fifty. Who will give the other ten chairs? Please Madison give me these ten chairs. Send your name on to Spears Turley at the State Bank & Trust Company.

On behalf of the Legion I desire to thank most gratefully the following friends who have responded to my appeal:

R. C. Stockton, H. L. Perry, R. J. McKee, Rice and Arnold, Hamilton Bros., Elmer Deatherage, J. W. Welch, Robert Golden, M. C. Kellogg, Judge Murray Smith, Dr. R. C. Boggs, Dr. H. C. Jasper, Dr. W. M. Gibson, A. R. Burnam, A. Friend, Mrs. R. E. Turley, Mrs. E. T. Burnam, Mrs. J. M. Poyntz, Joe Giunchigliani, Mrs. R. O. Lackey, A. Friend, H. B. Hanger, Judge W. K. Price, O. P. Jackson, T. D. Chenault, Harvey Chenault, L. P. Evans, C. F. Chenault, A. K. McCown, A. Friend, J. A. Sullivan, A. E. Belue, Judge E. C. Milford, F. H. Gordon, J. H. Dean, Mrs. Eugene Walker, Judge J. J. Greenleaf, Mrs. C. W. Cobb, Col. T. J. Curtis, W. B. Turley.

Who will give the remaining ten chairs? Please send in your name.
R. L. TELFORD

Loose Baby Daughter

The infant daughter of Mr. and Mrs. John Park, born in Danville early Sunday, survived only a very short time. The little remains were brought here and interred in the Richmond cemetery Monday morning at 11 o'clock. Their many friends extend sympathy in their loss.

Movies at Methodist Church

Dr. B. C. Horton, pastor of the First Methodist church, in Lexington, and formerly pastor of the Methodist church in Richmond, comes Thursday night to deliver a lecture to be followed by an interesting motion picture in 4 reels, entitled "Out of the Christian College," at the local church at 7:30 o'clock. There will be no charge of admission, and no collection will be taken. Dr. Horton is sent out by the Christian Education Commission of the M. E. Church, South, and there should be a large crowd to hear him speak on this interesting work. Everyone is cordially invited to attend.

PROCLAMATION

Whereas, this week is set apart for clean-up and fire prevention, and

Whereas, it is necessary to the health and safety of the community that every precaution along these lines be taken.

Now, therefore, I, L. P. Evans, Mayor of the City of Richmond, Kentucky, hereby declare the week beginning Monday, April 18, and ending Saturday, April 23, both inclusive, as Clean-Up and Paint-Up Week.

Every citizen is requested to clean up his or her premises, including cellars and basements, and rid them of ashes, paper, tin cans, and every thing which is unsightly and unsanitary. Upon request to the Street Commissioner, Mr. James H. Allman, the city will remove trash which cannot be disposed of otherwise. If every citizen will try to follow these instructions, it will be but a short time until Richmond will be the most beautiful city in the Blue Grass. L. P. EVANS, Mayor.

TWO PRISONERS ESCAPE FROM JAIL

Barney Thomas and Dallas Kirby Break Through Floor and Then Kick Out Window

Barney Thomas and Dallas Kirby, who were held in the county jail on whisky and other charges, escaped from the county jail here some time Friday night. The two men, who were confined on the second floor found a weak place in the iron flooring of the toilet room. Long used, water, etc., had rusted and weakened the floor greatly, so they easily punched a hole through it, and then tore an aperture sufficiently large to permit them to reach the third floor above. They emerged into the women's cells, which being unoccupied, were unlocked, and so the two prisoners had no trouble reaching a window. Here the heavy iron screen was kicked open, as has been often done before by prisoners. The old screens are merely nailed into place, and the woodwork that surrounds them is so old and rotten that prisoners who have been able to reach a window unobserved have never had much trouble knocking out the big screenwork and making a getaway.

Tunney Sam Hunter says that he believes that the two men had outside assistance in their getaway, for scratches on the screen show the men slid down a rope from the third-story window to the ground. Mr. Hunter also says that information was received that a certain man near Red Lick assisted the men to get out the county.

Thomas had almost a year yet to serve in jail here on a charge of bringing moonshine whisky into the county. He also faced an indictment in Garrard county, as he is alleged to have been the man who sold moonshine whisky to Walter Azbill there shortly before he died. Kirby is a well known young man, who was caught with some moonshine coming into town some weeks ago. He had only about 20 days to serve on that charge, but both men are wanted by Federal officers to stand trial in the U. S. Court, as soon as their jail sentences here were completed.

RUTHTON

Mrs. L. J. Sanford, Mr. Byron Sanford, Mr. and Mrs. Robert Griggs of Lancaster, were the pleasant guests of Mr. and Mrs. J. H. Moores, Sunday.

Mr. and Mrs. Burton Moberly spent Saturday night and Sunday with Mr. and Mrs. William King. Mrs. Jep Long and daughter, Gladys, were the Sunday guests of the former's father, Mr. Davis at Newby.

Mrs. Major Hamm and children spent Sunday afternoon with Mrs. J. H. Moores.

Mr. and Mrs. W. L. West and children, Mr. and Mrs. Leslie Agee and children were Sunday guests of Mr. and Mrs. R. L. Moberly.

Miss Sarah Singer was the guest of her aunt, Mrs. Clay Long, Monday night.

Miss Mary Moore spent Saturday night and Sunday with her parents near Berea.

Mr. and Mrs. Phil Moberly and daughter, Frances, recently visited Mr. and Mrs. Clay Long.

Mrs. John Newland spent Sunday with her son Mr. Bright Newland and Mrs. Newland, near Taylor's Fork.

HIGH SCHOOL BOYS IN BIG TOURNAMENT

Athletes From All Over State Expected to Compete at Lexington May 6 and 7

The Eighth Annual Interscholastic Tournament will be held at the University of Kentucky on Friday and Saturday, May 6 and 7, 1921. It is expected that it will be the largest tournament of its kind in the history of the state. Heretofore, the tournament has been confined to track athletics, and high schools of the state have been invited to send teams to compete in the contests. This year the scope of the tournament has been greatly broadened through the addition of Interscholastic Debate and other features.

The program for the track events will begin at 4 o'clock p. m., Friday, May 6. Invitations have been sent to all accredited high schools in the state for both track and field events. It is expected that as many as fifty schools will send teams to take part in these events. The events will be as follows: 100 yard dash, 8 men to qualify; 120 yard high hurdle, trial heat, 4 men to qualify; 220 yard dash, trial heat, 8 men to qualify; 220 yard low hurdle, trial heat, 4 men to qualify.

The preliminaries for the field events will also be held on Friday afternoon at 4 o'clock on Stoll Field, and the events will be as follows: Pole vault, trials, 6 men to qualify; shot put, trial, 6 men to qualify; high jump, trial, 6 men to qualify; javelin throw, trial, 6 men to qualify.

The finals in track will be held at 1:30 p. m., Saturday, May 7, and will consist of the following events:

100 yard dash, finals; mile run; 220 yard dash, finals; 120 yard high hurdle, finals; 440 yard run; 30 yard run; 220 yard low hurdle, finals; relay race.

The final field events will be at 1:30 p. m., Saturday, May 7, as follows: Pole vault, finals; shot put, finals; high jump, finals; discus throw, finals; broad jump, finals; javelin throw, finals.

The program for the combined tournament will be printed and available for schools in a short time. Entry blanks for the Interscholastic track meet must be in the hands of Prof. S. A. Boles by April 30, 1921. The University is making arrangements to take care of the large number of visitors expected.

Besides the Interscholastic track meet and the Interscholastic debates, there will be an essay writing contest which is being participated in by a large number of schools. The winner of the essay contest will be announced May 7.

ARMY DEVELOPING CALVARY HORSES

Farmers and breeders have taken up with so much interest the army's plan for developing horses suitable for cavalry and artillery that success in this work now seems assured.

The remount service of the quartermaster corps now has under its control 156 stallions that will all be in the hands of agents for distribution throughout the country soon and reports already received indicate that farmers and breeders are very much pleased with the type.

Breeding operations for the coming season have already been started at remount depots at Fort Royal, Virginia, and Fort Reno, Oklahoma. A few early arrivals are already reported. The 347 colts on hand are of unusual sizes, and give promise of producing some very high class cavalry horses. Of 80 yearling colts at Fort Reno, not one is unsound, weedy or poor type. All of them will make good utility horses with plenty of quality and substance; many of them will prove superior for riding purposes to anything the army has ever had in the past.

Dealers and users of mules are also very much interested in the superior, well-bred filly to be used as the dam for the breed cotton mule so much in demand in the south. This type of mare, along with the cavalry horse, is becoming very scarce.

LANCASTER BOY MAY GET THE BIG PLUM

A dispatch from Washington Sunday said that there was a report that Acting Commissioner Millard West, a native of Lancaster, Ky., was to be named Internal Revenue Commissioner. It is strengthened by an understanding that the President has given to Secretary Mellon full authority to make the appointment, and that experience alone is to be considered in making the selection.

Acting Commissioner West was an Assistant Commissioner under the Wilson administration and has been in the department for 20 years, having been promoted through the various channels of the service. He is a Republican and his position in the former administration was a recognition of fitness, it is asserted.

The curious feature of the fight that has centered about this appointment is that the alleged wet or dry proclivities of the aspirants have been pushed to the fore and little attention given to the fact that under the present tax laws the appointee will be responsible for the collection of approximately \$4,000,000,000 annually.

NEWBY

Miss Fannie Jenkins and Mr. Luther Jenkins were the weekend guests of Mr. and Mrs. Talbot Jenkins, at Buckeye.

Irma Dorothy, the little daughter of Mr. and Mrs. A. T. Tudor, is ill at present.

Mr. and Mrs. Lonnie West and children spent Saturday and Sunday with Mr. and Mrs. T. E. Milford.

Friends here are sorry to know that M. L. Hayden remains quite ill at his home on West Main street, in Richmond.

Masters Claude and Avery Jenkins were the guests of Master Harry Jenkins, for the weekend.

Miss Gladys Rosalie Smith spent the week-end with her parents, Prof. and Mrs. G. D. Smith. Mr. and Mrs. Jasper T. Million visited the latter's parents, Mr. and Mrs. Arthur Taylor, Sunday.

Misses Estella Moore, Ruth Turner, Grace Hourigan, Amanda Burrus, Bentley Williams, Hallie and Bertha Long, Mary Heathman, Hattie and Florence Whitaker and Marie Quillan, as chaperone, composed a pleasant party to Frankfort Saturday.

Miss Hallie Long spent Saturday night and Sunday with Miss Hattie Whitaker.

Mr. and Mrs. John Pearson and daughters, Della and Anna, and Messrs. Henry Whitmore and Dewey Alexander, all of White's Station, spent Sunday with Mr. and Mrs. James Long.

Mr. and Mrs. M. M. Heathman and children were Sunday guests of Mr. and Mrs. Robert Heathman in Nicholasville.

Miss Bentley Williams was the weekend guest of Miss Bertha Long.

Miss Estelle Lee Moore was the guest of her aunt, Miss Amanda Burrus, for the weekend.

Friends will be glad to know that Mrs. Sidney Lowry has returned home from the Gibson hospital and is doing nicely.

Mr. and Mrs. June Brumfield and children were the guests of Mr. and Mrs. James Leake, Sunday.

Mr. and Mrs. Allen Turner entertained Rev. Hines, of Georgetown, who is pastor of the Baptist church, Saturday night.

"Bring Your Own Licker"

Tuesday, April 19, a train load of boosters of Lexington is coming to boost Beattyville for the space of one hour. They will arrive with a flare of trumpets on or about 4:15 p. m. and will march with stately steps to the public square where the boosting will be done to the stirring strains of appropriate music. It is hoped that no local bootlegger will mar the occasion by attempting to sell their wares to our visitors. They are bringing their lunch, let them bring their licker.—Beattyville Enterprise.

CATHOLICS PUT TEAM IN LEAGUE

Mike Enright To Manage New Team and Interest Grows—Three Games This Week

The weather was just so bad Saturday that the Church League game between the First Presbyterians and the First Christians was postponed over to Monday. This game is being played this afternoon at the Normal grounds. On Tuesday afternoon the Second Christian team meets the Calvary-Baptist team. These two games were scheduled for last week, but had to be carried over. On Thursday afternoon the First Baptist nine meets the First Christian nine.

Another nine has been organized and is seeking admission to the League, which will be glad to welcome it. It is the nine from the Catholic church. The team was organized Sunday services and Mike Enright, an old ball player and a real manager, was chosen manager. There are a number of good players in this church, including Father H. B. Schulte, who is a dyed-in-the-wool fan and a former player himself. At the meeting of the league directors Friday, it was agreed to revise the schedule in the event this team was organized, so an early meeting will be held and revision made so that games with the new team may be included.

Interest appears to be very keen all over town in the Church League base ball. A noticeable increase in Sunday School and church attendance on the part of eligible players was seen Sunday, for no one will be permitted to participate in the games unless church affiliations are well known. With good weather apparently on docket for this week some very interesting games are anticipated. Due to the revival services at the First Baptist church in the afternoon, after Monday the games will be called at 4 o'clock each afternoon that they are scheduled. Suits for the teams have not yet been received, but are expected in Monday in time for use in Tuesday's game.

JONAH WAGERS, JR.'S CAR IS MISSING

Jonah Wagers, Jr., of the county, reported to police, Monday that his Ford roadster had been stolen Sunday night. Mr. Wagers said that he left it in front of the home of Charles Baldwin on the Lexington pike Sunday night, and when he went after it the car was gone. The car bore license number 26,781. Mr. Wagers reported to the police, who are making every effort to find the car for him.

Lexington Boosters Out

(By Associated Press)
Lexington, Ky., April 18.—One hundred and twenty-one Lexington business men, accompanied by the University of Kentucky band of fifteen pieces, tonight will leave here for a two-day tour of Eastern Kentucky. Twenty-one cities and towns in the mountain section of the state will be visited.

It looks like everybody is trading at Richmond Welch Co. Follow your knows and come on.

Eggs Wanted

REVIVAL Begins TONIGHT at 7:30 O'clock FIRST BAPTIST CHURCH

Dr. Leonard W. Doolan
will preach
A cordial invitation to all

YOU ASK—

Why Buy Coal Now?

BECAUSE—

It is cheaper now than it has been for a long time.

BECAUSE—

The mild weather enables us to furnish it to you in a hurry.

BECAUSE—

When a cold spell sets in, you will be "fixed," and won't have to bother about "coal men are too busy to supply me." Anyway, coal you buy now will burn as good all through the summer and winter as it will now—there's no loss.

Inventory Is Best

Useful Farm Record

For the time spent on it the farm inventory will give more useful information than any other record which the farmer may keep, according to Prof. W. D. Nicholls, head of the farm economics department of the State College of Agriculture, who is recommending that as many farmers as possible take advantage of the opportunity to make an inventory by the first of April. This inventory should include a list of real estate, livestock, implements and machinery, feeds and supplies on hands and all other property used in the interest of the farm business, each item being assigned a proper value.

The first part of the year offers the best opportunity for taking the inventory since during this period the supply of feeds is low, salable crops have usually been marketed and little work and money have been expended on the new year's crop. Once started the inventory should be taken at the same time each year.

Not more than four or five hours should be required for taking the inventory. For this purpose the farm-account book issued by the College of Agriculture or any other suitable form of book may be used and livestock, equipment, feed, implements and other articles in each building listed and given a proper value. This value should be conservative and should be as nearly as possible what the article would sell for less the cost of getting to the market, or what it would cost to replace it with an article equally as good. Estimates should be avoided and the actual measurements, weights and counts should be given as nearly as possible.

When properly taken the inventory is of value to the farmer in that it shows the net financial status of the farm year by year. It shows the value of the farm property and indicates whether the farmer has made progress in a financial way or whether he has gone backward. In either case it shows the extent of the gain or loss and will suggest how the gain may be greater or how the loss may be reduced or changed into a gain. The inventory also forms the basis of any set of accounts which the farmer may keep.

Cooper To Investigate

Lexington, Ky., April 18—The first step toward establishment of official government grades for tobacco will be to conduct an investigation in each important tobacco growing section of the country, Thomas Cooper, director for the Kentucky Agricultural Experiment Station, said today. Dean Cooper returned here after a conference with officials of the Bureau of Markets at Washington. He said beginning May 1st the Kentucky Station would begin investigations both in the barley and dark tobacco areas in Kentucky.

Secretary of State Hughes has written Samuel Gompers that the U. S. will not trade with Russia as long as the Reds are in control there.

AT LOCAL THEATRES

On Monday of each week a new kind of picture will be presented to the public. Its title is Pathe Review, the Magazine of the Screen. This short subject will be of great benefit to everyone. It is composed of many different subjects—you will find a subject which will please you in each week. The management has booked the Magazine of the Screen as a special benefit to the theater-going public.

Here are some reasons why you should see this picture: Because no other single reel has the variety of interest and distinctive makeup which is found in the Pathe Review. It gives a pleasing relief to the eye and relaxation of the mind, when run after a heavy drama. It subconsciously provides the feeling of satisfaction which makes patrons realize the full enjoyment of a well-balanced program.

Here are some of the things of interest which Pathe Review will bring before your eyes: "Hy Myers' Travelogue Cartoons," laugh in every outline; "Animated Animal Studies," tricks of the monkey, pranks of the bear, the ferocity of the tiger, all these bring the lure of the jungle and the atmosphere of the woods to you through the screen. "How Things are Made," this series arouses the human curiosity for the romance of industry. It appeals to men, women and children, it entertains wonderfully.

"Pathe-Color," a picture in full color, which brings all of nature's beauty to the screen.

"Pathe Slow Motion," shows what the human eye can not see—the human mind can not conceive. It enthralls.

"Cooking Made Easy," these "cooking lessons" given by Queen Victoria's chef, are fascinating to women and appetizing to men. Then comes "Historic Landmarks," showing birthplaces of famous Americans; the spot on which history was made; what man, woman or child can resist seeing an educational picture presented in this entertaining manner?

Remember the Pathe Review presents all these subjects and the picture will be presented in addition to the regular program every Monday. Come and bring the family to see it.

Priscilla Dean the Screen's

Female Raffles

Priscilla Dean is one of the few distinct personalities of the screen. The monthly crop of feature releases reveals a hundred feminine roles in which the moviegoer can imagine any one of a hundred different players with equal effect. But occasionally along comes a unique character creation, which will cause the spectator to exclaim, "that's a Priscilla Dean part."

Big, compelling stories, revolving about a dominating feminine character, are not written every day. The hackneyed plots and stories written according to formula are not worth the skill of a real artist. That is why Priscilla Dean does not average more than two photoplays a year. Universal must pick and choose her vehicles—not because she is hard to suit, but because it is devious of providing her with roles worthy of her ability. Thousands of feminine players can portray the sweet young gthings, the cynical vampires and the rubber stamp crooks. Priscilla Dean must be given a character out of the ordinary—one requiring real acting and artistic delin-

Priscilla Dean with Lon Chaney in "OUTSIDE THE LAW" At Alhambra and Opera House Tuesday and Wednesday

ing real acting and artistic delin-

Priscilla Dean was practically born on the stage. Her mother, May Preston Dean, was a popular leading woman and will be remembered as one of the original players of "Madame X" when it was produced on the stage by Henry W. Savage. When Miss Dean was four years old she was playing with such stage stars as James W. Hearne and

Joseph Jefferson. At the age of twelve she had portrayed many of Shakespeare's heroines, touring the country with the Ben Greet players. When she was fourteen she had added singing and dancing to her list of accomplishments and was being featured at the Follies Bergere in New York.

"The Virgin of Stamboul" was Priscilla Dean's biggest success till her present production "Out-

side the Law," written and directed by Tod Browning and shown at the local theatres Tuesday and Wednesday.

SOCIAL AND PERSONAL

Calendar for Week

Monday evening at 7:30 the pastor, Dr. O. O. Green, will begin a series of revival services at the First Baptist church, assisted by Dr. Leonard W. Doolan, of Hopkinsville.

Tuesday afternoon at 2 o'clock Board meeting at Pattie A. Clay Infirmary.

Wednesday afternoon at 2:30 Mrs. Harris Noland will entertain at bridge at her home in the country.

The Parent-Teachers Association

tion of the Model School will postpone their meeting from Friday, April 22, to April 29th, as many of the teachers are attending K. E. A. at Louisville.

Entertained for Guest

Master Cutler Collins entertained Saturday afternoon at the home of his grandparents, Mr. and Mrs. J. S. Collins, in honor of his guest, Miss Jane Cornelius, of Chicago. Games were enjoyed during the hours and a refreshing ice course was served. Invitations included Eleanor Dean, Jane Coy, Charlotte Simpson, Henrietta Cosby, Nancy Covington, Josephine Park, Marietta Collins, Dorothy Tyn, Joe Collins, Robert Brock, Wallace Forbes, Rodas and Caperton Burnam.

Entertains in Florida

Mrs. Hattie Buchanan, of this city, Mrs. Emily Frankenberg, of Columbus, Ohio, Mrs. Sue Haydon and Mrs. Addie Wilson, of Harrodsburg, were hosts to a beautiful tea at Ocean View Hotel, Coronado Beach, Florida, in honor of a few friends, who were leaving for their respective homes, having spent the winter months at this delightful resort. Included among the guests were Mrs. Frank Tuplin, of Prince Edward Island, Canada, Mrs.

James Marvin, Detroit, Michigan, Mrs. Hoffman, Battle Creek, Michigan, Mrs. Peabody, Detroit, Mrs. M. L. Kent, Philadelphia, Mrs. McLain, Miss Augusta Main and Mrs. J. M. Eastman, of New York. During the refreshment hour each guest told of what impressed her most during her sojourn in Florida. A delicious ice course was served and the hospitality was in every way a most pleasant one.—Contributed.

Entertained at Bridge

Mrs. Harris Noland entertained at Bridge Thursday. Among her guests were Mesdames F. H. Gordon, B. H. Luxon, M. Dunn, H. B. Cosby, Jack Wagers, W. O. Mays, Harold and Ronald Oldham, Sam P. Wagers, Garrett Million, Selby Wiggins, Joel Park, L. H. Davis, of Louisville, and Misses Nancy Haden, Isabel Bennett, Mary Louise Deatherage, Patsy Rosson, Elizabeth Turley and Duncan Foster.

Miss Margaret Steele Zaring, who has been the guest of her aunt, Mrs. L. V. Williams, in Nicholasville, returned home today.

Mrs. R. W. Cornelius and daughter, of Chicago, are guests of former's sister, Mrs. J. S. Collins, on West Main st.

Mr. Lane Sickler, of Lexington was the guest of Mr. and Mrs. Allen Zaring, on the Summit, for a week end visit.

Mr. and Mrs. J. W. Howard, of Carlisle, spent the week end with Mr. and Mrs. William Howard, on Lancaster avenue.

Mr. J. S. Collins is in Chicago on business.

Miss Lucia Burnam left Monday for a visit to Mrs. Frank E. Jennings in Jacksonville, Florida. She will also be with Mrs. Adelaide Everhart, in DeCatur, Georgia, for a few days' stay before returning home.

Mrs. James A. Moores has returned from a visit to Mrs. C. M. Forbes, at Minier, Illinois, also a two weeks' stay at Mt. Jackson Sanitarium, Indianapolis.

Miss Una Gabbard spent Sunday with her mother, at Berea.

Mr. and Mrs. L. B. Herrington and family arrived from Louisville Saturday for a visit to Mr. and Mrs. Harvey Chenault, on High street.

Mrs. C. F. Higgins has returned from a visit to Lexington.

Mrs. Overton Harber is home from a several weeks' stay in Covington and Paris.

Mrs. John Steele has returned home after a visit to her daughter, Mrs. Allen Zaring.

Dr. Murion Dunn, Mrs. Dunn and little daughter, Josephine, left Monday morning for a few days' stay in Cincinnati.

Mrs. J. S. Stanifer and daughter, Nora Perkins, were in Lexington the latter part of the week shopping.

Mr. and Mrs. B. Z. McKinney and Mr. and Mrs. W. F. Park were in Danville Sunday where they were called by the serious illness of Mrs. John Park, who is a patient in the Boyle county hospital.

Mrs. Nora S. Perkins and daughter, Evelyn, were guests of Miss Dovie White, in Ravenna, for the week end.

Dr. R. C. Boggs, Mrs. Boggs and little son, Robert, Mrs. Hugh M. Thorpe and little son, Hugh, Jr., have returned

GAINED FIFTY POUNDS AFTER TYPHOID FEVER

Mrs. C. E. Bragg Overjoyed by the Way Tanlac Restored Her Strength and Weight

"I was down in bed as helpless as a baby when I began taking Tanlac, but by the time I had finished my third bottle I was walking around and now am enjoying especially perfect health," said Mrs. C. E. Bragg, 401 Lynn street, Danville, Va.

"I was down in bed for a long time with fever, and was so weak I couldn't even turn over. I wasn't able to take any nourishment at all hardly and I had fallen off so much in weight that it frightened me to even think about it. Why, I was nothing more than a mere shadow of what I used to be and had just enough strength to move my hands about a little.

"My right leg was swollen from my knee down to my foot. It was hard for me to breathe,

my nerves were worn to a frazzle and it just seemed that I couldn't get any sleep.

"Finally after the fever left me and I got so I could look over the papers a little, I read a statement about Tanlac and sent for a bottle. I seemed to feel stronger after each dose and began to eat better and sleep better. When I finished the second bottle I was sitting up in bed and in a short time was able to walk around.

"From then on my improvement was rapid and by the time I had finished the sixth bottle I was doing my housework all by myself and felt perfectly well in every respect. This was more than a year ago and ever since I have been in perfect health. My appetite continues splendid and I have actually gained fifty pounds in weight. I am not one bit nervous, sleep soundly and to tell the truth, am never troubled in any way whatever."

LACK OF TEACHERS SERIOUS PROBLEM

Solution At Moment Is Selection of County Boards of Education

Every Real, Fine, True, Red-Blooded Man and Woman in Kentucky Urged to Get Busy at Once and Interest Themselves in School Matters.

Every county in Kentucky was short of rural teachers last year. Every county in Kentucky will be short teachers again this season. This is a serious proposition especially as the number of men and women passing the examinations lately held for teacher's primary certificates was quite small. Of course, the new minimum salary of \$75.00 per month for rural teachers will help the situation in the future; but the best possible solution of the problem right at this moment is the selection and election of a strong County Board of Education at the November election.

The reader should not think of this problem as a strictly Kentucky affair for it is nation wide and extremely serious. Dr. P. P. Claxton, Commissioner of Education of the United States, recently asserted before the National Citizens' Conference at Washington, D. C.:

"The new conditions require that the schools shall be more efficient and more effective than they have been in the past and we are faced with the danger that they may not be as effective as in the past. We are confronted with a great shortage of teachers, and there seems to be little chance of immediate relief. According to the most careful estimates that can be secured, between three hundred and four hundred thousand children were deprived of schooling this past year because of school closed as the result of shortage.

"Even more serious is the rapidly growing number of sub-standard teachers. More than half the teachers of the nation—350,000—are not prepared on any reasonable basis for the work of teaching, a reasonable basis being understood to mean the minimum standard that progressive communities have long insisted upon—two years of professional training beyond the four-year high-school course.

"A conservative figure for the number of new teachers that will be required this fall is 110,000. It is more likely to be 120,000, and it may reach 150,000. The graduates of normal schools this year will be 25 per cent fewer than in 1916; they will total about 16,000. If we add to these the largest possible number we can conceive of from other teacher-training institutions, we shall have at the outside 30,000 prepared teachers to fill the vacancies, or a deficit of at least 80,000."

Good County Boards of Education have always been needed in each and every county in the state; but they are today a vital and absolute necessity for the welfare of the county, the state and the nation. Every real, fine, true, red-blooded man and woman in Kentucky should get busy at once and see to it that the new Boards of Education are composed of citizens who will do big and constructive work for the boys and girls on the farms.

THINK IT OVER

A letter reaching the Bureau of Education at Washington lately from an ordinary citizen contained the following pithy sentence: "In the city they won't give people with children a house; and in the country they won't give us a school." Think it over carefully.

IN THE pursuit of happiness women have been going earnestly and industriously in quest of new suits—for what is Easter without the inspiration of new and gladsome apparel? The quest has reached the acute stage during the present week and merchants know what style ideas have proved most successful. To begin with the longer skirt is finally and emphatically approved by fashionables—skirts are longer by many inches, the rule being eight or even six inches from the floor. Also they are plain. Poiret twill, tricot and serge are all well represented in suits and decorative features appear on coats, which are made in at least three distinct styles, including the box coat, the straight line belted coat and the semi-fitted models.

In the matter of decorations, braids may come and beads may go but embroideries go on forever, apparently. A few models reveal beaded decorations, many are trimmed with flat braids or ribbon, but still greater numbers are either embroidered or finished off with stitching of heavy silk thread. At least nine times out of ten these decorations are in the same color as the suit, but there are exceptions to all rules, and the new suits present models with a contrasting color or black used with the matching color. There are occasional models in which short coats are elaborately embroidered with many colors.

Two representative suits, each embellished with embroidery, are shown in the picture above. The model at the left having points that pronounce it up to date, in the fastening of the coat at the waist line only, and in the bell sleeves. Blouses and handsome neckwear are much in evidence in coats of this kind. The skirt may be taken as a criterion in length and width, and every other particular, including tailoring that must be described as exquisite.

In the suit of beige-colored poiret twill at the right, the straight-line coat invites attention to elaborate embroidery across the back. Small embroidered motifs at each side the front also help to enrich it.

COPYRIGHT BY WESTERN NEWSPAPER UNION

ELECT STRONG COUNTY BOARD

Thinking and Patriotic People in Each County Are Urged To Act

Problem of the Rural School Will Be Well on its Way Toward Solution When Interest in School Matters is Manifest.

The editor realizes the crisis in educational matters which Kentucky and the whole country is facing, so he has been giving the readers of this paper a series of articles, statements and cartoons to help put Kentucky on the educational map. The reader recalls, of course, that the last legislature passed some strong new school laws; but with the multiplicity of new laws on the statute books, he or she is quite apt to have a rather hazy idea of the law creating the new County Boards of Education to be elected next November. As the act creating these County Boards of Education is too long to be printed in full, the editor is giving an outline of it below.

The new County Board of Education is to be composed of five members elected from the county at large. The candidates for this office are secured by fifty voters signing a petition to have each name placed on the ballot. Any number of candidates may be placed on this separate ballot which shall carry no party emblem or device, save the words "School Ticket." The five candidates receiving the largest number of votes shall become members of the County Board of Education.

This County Board of Education selects a county superintendent of schools and decides upon the salary which can not, under the law, be less than \$1,200 a year. The board will also appoint in each school district a trustee who shall look after the school property; but shall have no voice in the County Board.

This same County Board of Education shall fix the rate of taxation for school purposes in the county; but before doing so shall, with the help of the county superintendent, make an itemized and detailed budget of all school expenses.

This act, also, provides that the County Board of Education shall appoint at least one attendance officer whose duties shall be to compel the regular attendance of all pupil children at school as provided by law.

It is needless for the editor to say in conclusion that this new law will do much toward taking the county schools out of politics. If the thinking and patriotic people of the whole country will interest themselves in the selection and election of a strong County Board of Education, the problem of the rural school in the county will be well on its way toward solution. The fact that the editor is giving this space to a discussion of the school problem when newsprint is both scarce and expensive and the added fact that prominent men are writing strong statements for the press urging the people to get behind their schools, means that we must make our rural schools better if we are to have a contented population in the country, and thus strengthen the nation.

EDUCATION KILLS AGITATION

Governor Alfred E. Smith of New York, has the following to say concerning the value of education: "The best way to meet the evils of ultra-radical agitation is with the reason which proper education applies. I regard education as the best remedy for mistakes or false political conceptions."

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

All persons who have claims against the estate of Mrs. Pauline Arnold, deceased, will please file same with the undersigned on or before April 20, 1921, verified as required by law. H. B. Hanger, Executor. 71-4

110,000 Starving Children

HAVE YOU A LITTLE ORPHAN IN YOUR HEART?

MOLASSES AND BUCK- EYES IN SOME 'SHINE

(By Associated Press)

Louisville, April 18—Moonshiners adopt many methods of producing their illicit wares and pay little attention to whether or not it is poison when finished, says H. R. Sautley, prohibition enforcement officer for the Western district of Kentucky. Potash or lye is used to give added 'kick' to the goods, he said, "and also to increase the death rate." Buck-eyes are incorporated to produce "head" and molasses in quantity is used to increase the amount.

The stills in which much of the moonshine whisky is made are not always copper. Mr. Sautley said. It is a well known fact that distilled spirits when made in anything but a copper still and worm and particularly when the mash comes in contact with lead, are highly dangerous and in many cases poison, he declared.

"Whisky that is perfectly clear is safe," he said, "but if it is murky, the drinker had better watch out. It may be poison." It is impossible to make clear whisky in anything but a copper still, he said. The mash makes no impression on copper which is as "good at the end of fifty years as when used the first time."

WANTED Bids on School Houses

By order of the County Board of Education sealed bids will be received till noon Saturday, May 14, 1921, for building a one-room school house at Cane Spring, and a four-room school building at Red House, and a four-room school building at White Hall.

Bidders must be prepared to give bond with bids. The right to accept any or reject all bids is reserved by the Board. Plans and specifications for the above buildings may be seen at the County Superintendent's office at the Court House, in Richmond, Ky. The White Hall building is to be built of brick. Cane Spring is to be a frame building. Red House to be either frame or brick, and bids must be made for both brick and frame.

Two Kinds of Women

We know a woman, who when she needs to purchase necessary things for the home or for the family puts on her shopping costume, dabs a bit of powder on her nose and sallies forth.

She shops here and there and down another hunting and h-u-n-t-i-n-g. When she gets home she is jazzy and jaded. She feels all mussed up mentally and physically.

We know another who has learned the art of reading the advertisements before she starts out. She finds out what she wants and where to get it. Then she goes straight down town right to the store that has it. and

In this way she saves time, money and effort and comes home as fresh as a daisy and ready to get friend husband a good dinner instead of taking him to the cafeteria.

Which one are you?

EX-SERVICE MAN DIES ON BIG HILL AVENUE

Cyrus Foley, aged 30, died at the home of his uncle, J. Frank Foley, on Big Hill avenue, early Monday morning after an illness of many months of tuberculosis. He was with the A. E. F. in France when he contracted measles and afterward developed tuberculosis. He was a fine young man in every respect, and has a large circle of friends who will deplore his death. Surviving him are his father, Green Foley, of Corbin, who was at his bedside when the end came. The body will be taken to Mt. Freedom in Garrard county, Tuesday for interment.

BROKEN BOTTLE TELLS ON JOE COLLINS

When Joe Collins, of the Red Lick section of this county, set his suit case down in an L. & N. train coming north Sunday, he struck it against the edge of a seat. Soon the conductor coming through noticed a peculiar odor. He made an investigation and discovered that a half-gallon self-sealer jar had been smashed in the valise, and a lot of moonshine whiskey was running "all over everything." When the train reached Richmond, the conductor turned Collins over to police at the depot here. An examination of the suitcase showed several jars of the white stuff that were not broken, so Collins was taken in charge and will have an examining trial here and after that Uncle Sam will take him in charge. A U. S. Marshal is said to be expected here at once to arrest Collins on several charges. Collins told the officers that he was on his way to Richmond when the accident happened.

GARY SAYS UNIONS SEEK BIG POWERS

New York, April 18—Elbert H. Gary, chairman of the United States Steel Corporation, told the stockholders at the annual meeting here today, that he favored "publicity, regulation and reason-control," of the business through government agencies as a possible "solution or antidote to the labor union problems."

He asserted both organized capital and organized labor should be placed under a clear, well defined law, each with the same protection and the same restrictions. "Will the union consent," he asked. He asserted the natural effects of labor unionism is inefficiency and high costs and the success of the contemplated union programs means successively shop control, general management of business, then of capital and finally of the government.

Father Faces Trial As Murderer of His Son

Whitesburg, Ky., April 18—William J. Bates, 60 years old, a wealthy Thornton creek man, will be placed on trial in Letcher Circuit Court here Tuesday charged with the murder of his son, Noah Bates, whom he shot and killed a month ago.

It is charged that Bates shot his son in the back as he ran from him.

Following the Bates hearing a half dozen other murder cases are to be heard in the Circuit Court, including that of Arlie Hunsucker, who killed his father at Moore's Branch.

Entire Fruit Crop In Blue Grass Doomed

Lexington, Ky., April 18—The third of a series of disastrous frosts Sunday night virtually completed the ruin of the fruit crop in Central Kentucky. H. F. Hillenmeyer, veteran nurseryman declared.

The wheat, barely, oats and clover crops also were badly damaged, according to C. W. Mathews, University of Kentucky.

Tobacco plants already up and uncovered were damaged in the opinion of James C. Stone, warehouseman.

Prof. E. J. Kenney, State Experiment Station, was not so pessimistic about the wheat crop.

President T. J. Coates and Business Manager F. C. Gentry of Eastern Normal, will head large delegations of teachers to the annual meeting of Kentucky Educational Association at Louisville Tuesday. The sessions will last several days.

Limit, one dozen to a customer

Tea Pots—

China and Earthenware Tea Pots in a great variety of styles and decorations. Values up to \$2.98. Choice Monday\$1.49

SINN FEINERS KILL WOMAN IN IRELAND

Dublin, April 18—The first execution of a woman in the strife between the discordant factions in Ireland is announced.

She was taken from her room in the Scotstown district of Monaghan today and shot and killed on the bank of the river.

The woman, whose name was Kitty McCarron, 45 years old, belonged to the farming class, and lived with her parents octogenarians, in a wild, mountainous part of the country. About midnight a knock was heard at the door and a party of masked men entered and informed the victim that they had come for her.

She struggled in vain; the assassins fastened her hands behind her back and led her, pleading pitifully, down a lane about a mile to the main road, by the side of which the body was afterward found with a bullet wound through the cheek, which is the customary sign of Sinn Fein executions.

A card on the body was inscribed: "Spies and informers, beware. Tried, convicted and executed by the Irish republican army."

Neighbors refused aid in the removal of the body, such is the terror inspired in Monaghan by the recent series of terrible deeds which have earned for the county the reputation of the worst in Ulster.

Nearly 1,000 Irish emigrants embarked at Queenstown yesterday and today bound for the United States.

GILBERT SEEKS PAY FOR RICHMOND

Congressman Ralph Gilbert has written Mayor L. P. Evans that he has introduced a bill to reimburse the City of Richmond for the cost of the street paving in front of the government building on West Main street. The amount asked is \$1,581.66. This is the usual procedure where the government is required to pay for improvement work of this sort. Congressman Gilbert says that he wants his friends to write him at all times if anything can be done for them at the national capital. Rodes Terrill, of this city, his private secretary, is with him there, and is said to be making good right off the reel.

CHARGED WITH STEALING HORSE

Clarence Tribue Gibson, local negro, is under arrest at Lexington, on a charge of horse stealing. Chief of Police Claude Devore went to Lexington Monday to bring him back here to face the charge. Gibson is alleged to have tried to sell a horse at the Fayette capital that belonged to Mrs. Rebecca Morton, on the Red House pike. Mrs. Morton says that Gibson borrowed the animal from her. He told her he wanted to use it to go and see a girl who was ill, and would be back with it soon. However, the next she heard of him, he was found by the police in Lexington trying to sell the animal there. Gibson will have an examining trial here as soon as he is returned.

SWIFT'S PRODUCE REVIEW

The movement of live poultry is seasonable, and prices are on a higher basis, especially for fat, heavy hens, due to demand for the approaching Jewish holidays. It is expected that as soon as this demand has been supplied, prices will work lower.

There is still a large supply of frozen poultry in storage to be marketed.

Butter prices have remained fairly steady during the week, although any considerable increase in the make in the near future will result in lower prices.

Fresh eggs are being marketed freely, but storage holdings exceed those of the same time last year. The United States Department of Agriculture, in its report of the 14th shows the following comparative stocks in Chicago, New York, Boston and Philadelphia:

April 14, 1921, cases1,338,103
Corresponding day, 1920140,247
Excess, cases1,197,861

The demand for current use is not especially heavy, and in view of the large amount in storage, lower markets are expected to prevail in the immediate future.

Bank Robbers Fail At Warsaw (By Associated Press)

Louisville, April 18—The Kentucky Bankers Association today was advised of an unsuccessful attempt to rob the Warsaw Deposit Bank at Warsaw, Gallatin county, last Thursday. The robbers blew off the lock to the outer vault door but failed to open the inner door.

A Rubens' "Descent from the Cross" is said to have been found in Oklahoma where it was brought by an overseas veteran.

Kentucky Woman Killed In Cincinnati

Cincinnati, O., April 18—Police are searching for a relative of Mrs. Mary Baldwin, 26 years old, daughter of Mr. and Mrs. Asa Barton, Williamstown, Ky., who died yesterday at the General Hospital from a fractured skull. Coroner D. C. Handley says that the woman was murdered.

During a short period of consciousness, Mrs. Baldwin said that she had been shot at while that she had fallen and struck her head against a stove. Coroner Handley said he believes she attempted to shield the murderer.

According to Mrs. Mable Kline, with whom Mrs. Baldwin made her home, the woman was married about a year ago. In a letter found by the Coroner there were indications that Mrs. Baldwin's married life had not been happy. Detectives have learned from friends of Mrs. Baldwin that she had been shot at while that she had fallen and struck her head against a stove.

During a short period of consciousness, Mrs. Baldwin said that she had been shot at while that she had fallen and struck her head against a stove. Coroner Handley said he believes she attempted to shield the murderer.

Top Dressed Wheat Gives Bigger Yield

After realizing a gain of about 18 bushels of grain per acre from a field of wheat at the Agricultural Experiment Station that had been top-dressed with nitrate of soda in the spring, crop specialists at the station have recommended this practice to farmers of Kentucky.

This practice is especially profitable in a field where the wheat is backward either from unfavorable weather, tired soil or other unfavorable conditions.

The nitrate of soda should be applied Broadcast at the rate of about 100 pounds per acre about April 1, according to the recommendation given. In all parts of the state outside of the Bluegrass region and river bottom it will be most effective on wheat that has been fertilized with phosphate. In many cases it may be necessary to use phosphate with the nitrate of soda as a top-dressing.

Sulphate of ammonia at the rate of 75 pounds per acre used instead of the nitrate of soda will give about the same results.

LEGION NEWS

A sailor, a traffic cop, a first sergeant, an assistant provost marshal and a patient in army hospitals for almost two years. Albert F. Haan, newly appointed head of the American Legion's national service division, knows service when he sees it.

Mr. Haan gained the rank of captain on the battlefield and was severely wounded while in action with the 32nd division. While in the Walter Reed hospital he studied the plans the government had made for wounded men, and upon his discharge last fall, was made a special representative of the Bureau of War Risk Insurance.

In the army and navy camps, he was instrumental in causing the reinstatement or conversion of \$5,000,000 in war risk insurance. After obtaining \$300,000 in community war funds for the relief of Michigan disabled veterans, he made a study of the Michigan state prison and insane asylum to see how ex-service men fared. The result of his investigation was the parole of 140 men with the American Legion vouch for them.

The decision of the Bureau of War Risk Insurance that the more than a half-million ex-war risk insurance must convert their policies into one of the permanent forms of insurance before March 3, 1926, or lose their insurance, is meeting with some degree of opposition, particularly from posts of the American Legion.

The bureau's ruling is based upon the resolution passed by the last congress declaring that for the purpose of certain wartime legislation, the war with Germany was to be considered at an end. The legislation specified included the war risk act and its amendments. It was provided in the war risk act itself that term insurance might be carried until five years after the "end of the war" and it was further provided that the "words 'end of the war' as used herein shall be deemed to mean the date of proclamation of exchange of ratification of the treaty of peace, unless the president shall, by proclamation, declare a prior date, in which case the date so proclaimed shall be deemed to be the 'end of the war' within the meaning of this act."

There is a wide difference of opinion among officials in the Bureau of War Risk Insurance as to whether the congressional resolution justifies the ruling that the War Risk Bureau ended March 3, 1921. The National Legislative Committee of the American Legion has asked the comptroller of the currency for a review of the bureau's ruling.

Italy Maintains Solvency

Rome, April 18.—There is no longer any doubt that Italy will remain solvent even though her wealth has been terribly undermined by the expenses of the war, says the Marquis de Johannis, editor of the Economist, the most important financial weekly here. The editor pointed out that if the Italian government could avoid adding to the paper currency, this would create confidence which would improve the rates and that if the next two or three seasons were favorable the Italian treasury might hope for an early return of annual surpluses.

Joyriding Scored By Coroner At Crossing Crash Accident

Covington, Ky., April 16.—A verdict that the lives of the two men and two women who were killed Wednesday when the automobile in which they were riding struck a Chesapeake & Ohio railroad engine at Pike and Russell streets, was snuffed out as a result of driving at excessive speed of the automobile through the safety gates, was returned by the jury in the coroner's inquest here Friday.

At the conclusion of the testimony, Coroner Stephens said: "It is my hope that this jury will recommend to the state that some action be taken to put a stop to the activities of the undesirable roadhouses. The lives and limbs of our citizens are being put in jeopardy every night. These speed maniacs dash across the highways without thought of what will happen. Drivers fill themselves with various concoctions and when they start their cars they go wild."

ABOLITION OF
THE SCRUB SIRE

Is Urged By Prof. Bryant As An
Economic Benefit For Farmers
of Kentucky.

Insidious propaganda alleging that the farmer is being combined against by large interests of the country was charged by Prof. T. R. Bryant, assistant director of the Kentucky University College of Agriculture, in an address to farmers and breeders at the Louisville Livestock Exchange. Prof. Bryant warned the farmers against such reports, defining their menace, and urged the farmers to awaken to the need for better bred livestock as a move to maintain their independence.

Farmers were also told that they must take their losses as business men did and build for the future on a sound economic basis by abolishing waste. The complete abolition of the scrub sire was urged as the first step with the principle that in the future the ownership of scrub stock would be a badge of inefficiency.

Prof. Bryant's address was the second noonday talk in the series planned by the College of Agriculture in support of the Farmers' Better Sire Sale to be held June 2 under the direction of the Kentucky Purebred Livestock Association and the Louisville Livestock Exchange of the Bourbon stockyards.

"I find this idea prevalent that the interests are combined," said Bryant. "One hears it said that the fertilizer people are down on the farmer and that the implement people are and so on are trying to gouge the farmer. The term 'middleman' is used and some farmers feel that it is the common enemy, but if one stops to think and reflect, he will find that no one is down on the farmer. It is not to their interest to see the farmer put out of business."

"The farmers have in a good many instances the idea that every one with whom they deal is an enemy. This must be overcome. What we could get at is to learn how to adjust things and to get them on an economic basis. The world is not going to tolerate paying more for an article because it was produced in an extravagant way. The cost of production must be cut down, or the final selling price will be prohibitive."

As an illustration take an outfit I saw near Lexington the other day in a field; there were nine mules, nine plows, six negroes and six white men. Now what do you think that corn is going to cost on the market, counting the cost of its production.

It also costs more to produce these poor animals I saw in the stockyards today than it would to produce a pure bred animal. It is to the interests of the stockyards, the livestock buyers, as well as to all who wear clothes and eat to see that better methods of production are practiced. The first thing is to get better sires, better beef bulls.

We are going into every county where livestock is produced to sell a plan whereby the farmer can produce better stock than ever before.

Prof. Bryant then outlined six plans that had been adopted to promote the sale of pure bred bulls and to insure their fullest distribution over the state, adding that the movement had the support of all the bankers, business men and the general public in all of the agricultural sections. He called attention to the purchase several pure bred bulls by the less men of London, Ky., at their expense for use in the county as purely business investment.

Prof. Bryant then quoted the following letter sent to all county agents in support of the movement and outlining their field of campaign:

Plan 1. Induce three or four farmers in the same neighborhood to sell their scrub bulls locally or by shipment to Louisville with the understanding that the combined proceeds are to be applied to the purchase of a pure bred bull.

Plan 2. A group of three or four farmers who have no bulls at all may be gotten together for the specific purpose of purchasing a bull.

Plan 3. One of your banks can probably be induced to purchase a bull and place the same in the hands of a reliable farmer who will keep him for his services and who will agree to allow patrons of the bank to breed their cows to the bull upon notification from the bank to the effect that the man owning the cow or cows to be bred is a patron of the bank.

COAL

FEEDS

In this case the bull would have to be moved from one part of the county to another. This plan may be altered by having the bank purchase a good bull as a business proposition and charge a fee of \$2.00.

Plan 4. One of your banks can probably be induced to purchase a bull to be given away at a drawing contest July 4th. The drawing will be by numbered tickets issued with each \$10 time deposit in their bank between now and July 4th.

Plan 5. An implement house might be induced to take up virtually the same plan as the bank, except that a patron be given a ticket for each purchase of \$1.00 worth of goods.

Plan 6. This plan to locate individual farmers who will agree to purchase bulls outright. This is perhaps the best plan.

From all indications we are led to believe that the bulls are likely to sell at abnormally low prices at the sale June 2. The breeders consigning to this sale are approaching the proposition with very great misgivings, as they are afraid that they are being taken

to a position where they will have to practically give away some valuable bulls. We would be exceedingly sorry for this to happen, but if any of our breeders will have to sell their pure bred bulls at a sacrifice price, I would rather the farmers of Kentucky get bargains than anyone else. From every standpoint including the conditions in your own county and also the encouragement of our breeders, I am hoping that the movement will be at least a reasonable success.

The schedule follows:

Week of April 11—J. L. Miller, Campbellsville; Robert M. Heath, Springfield; C. L. Hill, Bardstown; H. J. Childress, Lebanon.

April 18—L. E. Cutler, Dixon; Morris Gordon, Madisonville; Leeland Bunch, Hopkinsville; L. C. Graddy, Elkton.

April 25—J. W. Whitehouse, Owensboro; J. W. Harth, Hardinsburg; J. W. Jones, Hodgenville; G. B. Nance, Lagrange.

May 2—John R. Spencer, Marion; F. O. Townes, Greensville; L. C. Pace, Smithfield; M. L. McCracken, Hartford.

May 9—J. A. Hunter, Russell-

ville; J. Stanley Pullen, Munfordville; J. C. Gentry, Harrodsburg; H. J. Hayes, Monticello.
May 16—W. R. Whitlow, Russellville; J. O. Horning, Glasgow; F. H. Spickard, Morgantown; C. L. Cunningham, Hickman.
